# EDUCATIONAL QUALIFICATION

Verification of the educational history is important for an organization to hire right candidate for the right job with right set of skills. We verify the educational credentials of the candidate by authentic sources to ensure safe hiring.

Educational qualifications include degrees, diplomas, certificates, professional titles and so forth that an individual has acquired whether by full-time study, part-time study or private study, whether conferred in the home country or abroad, and whether conferred by educational authorities, special examining bodies or professional bodies. These are needed to be verified to have a right candidate at the right place.

Educational qualifications are verified through the original source of issuance of the document presented by the applicant. According to research; 1 out of 3 applicants lie on their resume in order to gain the job, but it affects the company in a long term by low productivity. We at INGENIOUSSCREEN give our clients a comfort by providing them with the verifications of the educational history by the sources of the issuance of the degree.
