

VERIFY IDENTITY DETAILS OF THE INDIVIDUAL WITH COMPREHENSIVE INFORMATION.

IDENTITY VERIFICATIONS

This procedure helps you affirm that your clients, representatives, candidates and constituents have given substantial and accurate identity data.

We can help you prove a client's identity and do identity verification checks according to the needs of your business; helping your organization alleviate fraud, related misfortunes, identity stealing. It is important to know the true and complete identity of your employees or candidates to make the right hiring decision. The data gives you a true picture of the subject's background. Misleading data causes the recovery of fraudulent damages slow and makes organization venerable to such attacks.

We verify the identity of a candidate by visiting his place of residence. We conduct interviews with people living nearby so as to know a general conduct and behavior of the candidate. It also lets us know if the candidate is involved in any kind of political associations and activities. The results are provided to our valued clients within a week with comprehensive details. The information provided can be customized according to the wish of our clients.
