

CONFIRMATION OF DATA & DOCUMENTS VERIFIES THAT THE ARCHIVE PROVIDED IS AUTHENTIC AND NOT MANUFACTURED.

VERIFICATIONS DATA & DOCUMENTS

For example, if we are given to verify someone's national identity, we would be referring to the NADRA for confirmation. Similarly, utility bills would be verified by the utility stores.

Document Verification is the capability to gather, dissect and check distinctive sorts of archives and information gave by an end client, for example, their international ID, visa, driver's permit, national ID card, service bills, pay slips, certificates and others. Frequently employers gather a duplicate of such reports before procuring an employee. Confirmation of data & documents verifies that the archive provided is authentic and not manufactured.

Our screening department verifies the given data and documents with the concerning departments. For example, if we are given to verify someone's national identity, we would be referring to the NADRA for confirmation. Similarly, utility bills would be verified by the utility stores. Passport will be verified by the passport issuing authorities, so on and so forth.
